

Virtual Inspire People to Perform

Maximizing the productivity of your workforce requires effective management across functions. To achieve this, it's critical to understand and enhance yourself and your teams by:

- Increasing self-awareness and proactively career pathing
- Managing employees and communicating with them according to personal needs
- Improving group dynamics and strategic alignment

Workshops delivered by Forward Focused Business Advisors

Unlock the full potential of your workforce to expand employee capabilities, develop future leaders, and build high performing teams.

Who should attend?

- People Managers and Team Leaders
- HR and People Operations

What will you learn?

- How your organization can utilize data to understand what drives your employees.
- How to identify and protect against the four forces that affect employee disengagement.
- How to use data to decode and leverage the unique dynamics and work styles of organizations of any scale, from project teams to large units.

What impact will you see?

- Increased productivity as a result of improved interpersonal communication and positive team dynamics.
- Enhancements to your organization's business results and employee engagement brought about by implementing and championing talent optimization.
- More effective communication and enhanced collaboration, within and across teams.

What is the format?

- Three 90-minute virtual sessions, including digital learning, live presentations, and digital assignments to create an immersive, robust learning experience.
- Led by management consultants from around the globe with an average of 20 years' experience and who are experts in the talent optimization discipline.
